Math Test Corrections Form

You are allowed to do test corrections on two chapter tests per semester, and you can earn back up to half of the points you missed. Re-do each problem you got wrong. Show detailed work or explain the rule, procedure, or definition to prove you now understand how to do the problem correctly. Staple this form to your original test. This form can't be accepted without your original test. This form must be submitted within one week of receiving your graded test back from the teacher. No exceptions.

Question Number	Your Work	<i>This side is for teacher use only.</i>
		<input type="checkbox"/> Great job! You earned back half credit. <input type="checkbox"/> Your new answer is correct but the work and/or explanation doesn't prove you fully understand. <input type="checkbox"/> Your new answer is not correct.
		<input type="checkbox"/> Great job! You earned back half credit. <input type="checkbox"/> Your new answer is correct but the work and/or explanation doesn't prove you fully understand. <input type="checkbox"/> Your new answer is not correct.
